Persona 5 strength confidant guide reddit

If you complete their task, you will be granted the Strength Persona, as well as another request. I pulled up a fusion calculator, but every time I put two of them together, it comes up with something different. The twins will ask for a Ame-no-Uzume with Dodge Psy. Requirements and recommended fusions for all 10 ranks The twins will ask for a Jack Frost with Mabufu. The twins want you to fuse a specific Persona with a specific ability. Any suggestions? I turned in a Jack Frost already, but now I need a shiisaa. Source: gameskinny, RPGSite I've found ones that explain how to do it but it seems lacking in describing where to find the right ones to use. Repeat the process until it is randomly gained. Strength persona abilities leveling up the Strength Persona will afford you some interesting new abilities inside the Velvet Room: At rank one, you will gain the Group Guillotine, which will allow you to fuse three personas at once. So is there still a way or am I screwed?Page 2 12 comments I'm just past the 4th palace when I realized I haven't been able to build my Confidant level with the twins. Fuse the result of that fusion with Isis, Thoht, and Anubis via the Group Guillotine. Fuse Unicorn with Lilim. The twins will ask for a Lachesis with Tetraja. Reload and repeat until you get Dekaja to transfer. At rank eight, you will get Special Solitary Confinement, which increases the resistances gained from Solitary Confinement by an even greater amount. The twins will ask for a Neko Shogun with the Dekaja skill. I searched the second area of mementos but I couldn't find one or a makami (I read you an fuse makami and jack frost for it)... Is there any way I can still get a shiisaa at my current level? At rank five, you will get the Guillotine Booster, which will allow you to fuse four personas at once. Thank you!Page 2 5 comments Around the middle of May in Persona 5, Caroline and Justine eAAA the twin-wardens eAAA will send on a miss. Each time you don't fuse a persona, they register on your guide and you can't pull them any time in the velvet room (for a small amount of yen). FusAvel Hariti que A© at least nGrade 41, Pixie and Pisaca through the guillotine of the group. Fuse Anzu, Korama and Sudama through the guillotine's guillotine. The last ones are there are µ very specific combinations and they will not waver. The mothers will ask for a seth with high counter. After you have the Neko Shogun, you don't need to strengthen it to get Dekaja. Take your new principality and fuse it with Yaksini to Ame No Uzume, inherit tetraja. The mothers will ask for a hecatoncheires with Masukunda. Alternatively, fuse Lamia and Sandman for the principality. Take an Orobos, get into the velvet room and save in. Try using this hot plug calculator, so that it's in your registry to make things much easier on yourself. Fuse Nekomata and Obariyon, wait until Igor makes Margarur's skill available. In the TrAs Rank, you will not have solitary confinement, which will allow you not to leave a persona to improve your resistance against specific types of attack. I spent a lot of yen summoning personas to find a match and I'm just confused and could use some help! No spoilers, but is there a very detailed guide to complete this? Take your new AME without Uzume and fuse with ISIS, make your new l'aceo inherit tetraja. The mothers will ask for a shia with Friar. The mothers will ask for a killer with Magaru. In Rank 10, you won't get special treatment, which will finally allow you not to create personas of any level, even higher than yours. It was hecatoncheires and kushinada-hime for Horus. The mothers will ask Flauros with Tarukaja. Fuse Kin-ki who is at least level 27 and Sui-Ki, make sure he inherits Dodge Psy. This card can not be acquired until a Miss Mementos de Outubro, "the killer who cleans garbage". The easiest way eAsuf eAsuf a arap sairAsscon sanosrep sa riruqda to withdraw from your registration of prisoners. Through sacrifice, one of the orobos skills will be transferred, but it is random. This can be a real pain, but you should sacrifice orobos to Neko Shogun. By appeasing the guards, you will not only earn the Arcana Burst Mass that comes with all confidants, you will also be able to create new and powerful personas to help you on your journey. So that Seth learn High Counter, you will need to purchase a skill card. Fuse Berith and Apsaras, raise the new Jack Frost to the 12. Fuse Koppa Tengui and Red Rider, sacrifice a Cloth to inherit the tetraja. The gems will ask bugs with Samerearm. Fuse Jack Frost and Makami, make the Shiisa Herdar Frei do Makami. Fuse Andras, Eligor, and Berith through the Guillotine Group, make sure that the Flaurs Herdam Tarukaja do Andras. I just finished the third palace, but I only in the second position with the confidant of force. Appealing the gems is not easy, and will require a little leg work on your part. I usually accept anyone as I can, but I never got one. An.
